

1000mm x 785mm Low Front Shower Cubicle

Model: B1000x785LF

Model: B1000x785LF

Width: 1000mm

Height: 1850mm

Length: 785mm

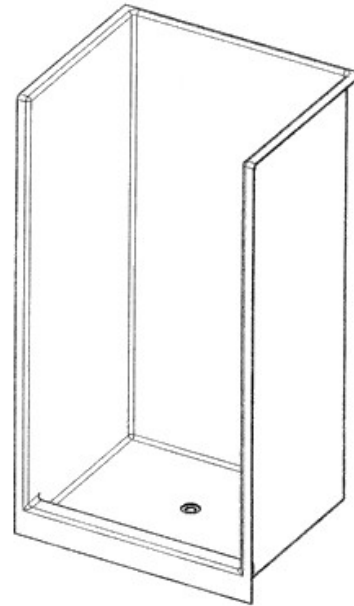

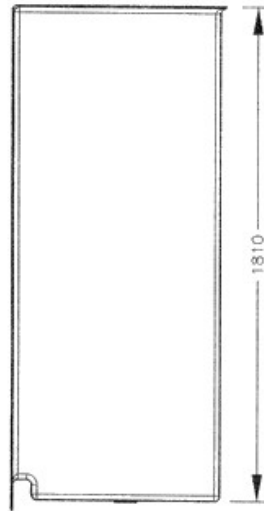

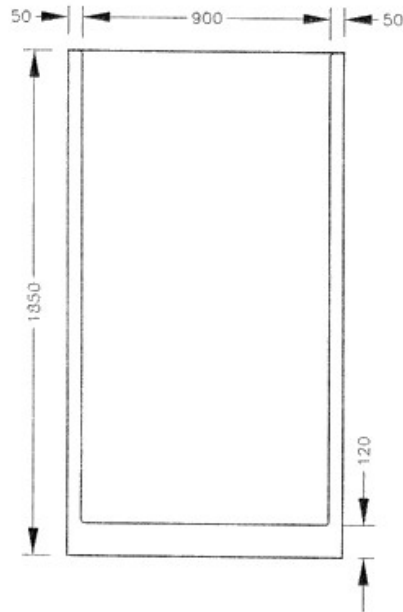

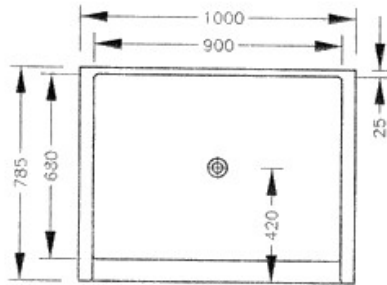

This unit will pass through a standard 800 doorway and allows the user that little bit more elbow room. Features the Three Walls and Base all in One Piece and a Flat Floor with a central Waste. This unit was designed to allow the Thetford Cassette Toilet to fit between the hob and rear wall. Because of its flat floor at a right angle to back wall it is also suited to a other types of pedestal type toilets. This unit is more suited for use with a screen.
